

WOMEN BELIEVED TO HOLD KEY TO MURDER FOR CASH

Two Young Brunettes Held for Questioning Of Gang Secrets

New York, March 22.—(AP)—District Attorney William O'Dwyer said today he was detaining two young women whom he described as "holding the key to at least three new murders" by the Brooklyn murder-for-cash syndicate.

The King's county prosecutor said the two women, both brunettes in their 20's, had given him considerable information during an all-night questioning and showed they were "familiar with many of the gang's secrets."

He withheld their identities, commenting merely that they might be typed as "gang molls."

The three new unspecified murders, he said, were in addition to the 30 assassinations already linked with the crime combine, and resulting so far in eight murder indictments.

The quasi-humorous figure of still another woman was injected into the picture of murder, Inc. in the person of Mrs. Ruth Sewall, 41-year-old divorcee, who threw the fear of feminine fury into several of the mob members.

Had Terrorized Gangsters

O'Dwyer said Mrs. Sewall, who formerly ran a card game for diversion-seeking housewives at Brighton Beach, had terrorized some of the gangsters when they tried to "muscle in" on her profits.

The prosecutor said Mrs. Sewall went to one of the syndicate's higher-ups and read him the riot act with such telling effect that the would-be tribute collectors were ordered to leave her alone.

"After that," O'Dwyer said with a chuckle, "when the local hoodlums saw her they got panicky."

"They scrambled up stairways and dodged behind doors when she went past."

Mrs. Sewall made her protests to Seymour Magoon, a heavy-jowled individual who allegedly acted as chief triggerman for the slaughter syndicate.

Big Ammunition Order Is Announced Today

Washington, March 22.—(AP)—A \$1,731,240 order for ammunition, which officials believed was the largest since the World War, was announced today by the war department.

The contract for ammunition for the army's new 37 millimeter anti-tank gun went to the York Safe & Lock Company, York, Pa.

It was included among contracts totalling \$6,569,945 awarded in the first 15 days of March. These included:

H. G. Goelitz company, Oak Park, Ill., paving and drainage of runway, Chanute Field, Illinois, \$265,050.

Marriage of Illinois Pair Annulled After 29 Years

Chicago, March 22.—(AP)—After 29 years of wedded life, Arthur Spencer, 52, and Mrs. Jane Spencer, 72, have been adjudged illegally married.

Spencer's contention that he and his wife were first cousins and therefore not legally married in Illinois was accepted yesterday by the superior court.

The court annulled the marriage after introduction of a will, drawn in 1935, in which Mrs. Spencer wrote: "I leave this estate to my cousin, Arthur, to whom I entered into a marriage believing it valid."

Illinois Brothers Have "Honeymoon Lease"

San Pedro, Calif.—It would seem that the Tyson brothers of Illinois have a "honeymoon lease" on stateroom 30 of the liner Matsonian.

R. W. Tyson and his bride, who returned from Honolulu Wednesday, waved goodbye yesterday to G. F. Tyson and his bride as they sailed on the same ship. When they return in two weeks, a third brother, William, will be waiting to sail with his wife in the same suite.

William Tyson lives in Chicago, G. F. in Rock Island, and R. W. in Elgin.

Ducks Get the Easter Spirit; Eggs Are Fancy

Baltimore, March 22.—(AP)—The egg-dyeing industry will get no business this year from Deputy State Game Warden E. C. Kerns, thanks to the fine, cooperative spirit of his ducks.

The black East India ducks are producing eggs that are three-fourths black with intricate gray designs over the remaining quarter.

"They've been laying completely black eggs for some time," Kerns said, "but they just started putting designs on them this week."

"I guess it must be the Easter spirit."

About Feet

Louisville, Ky., March 22.—(AP)—Plowing, says Dr. Russel Jones of Indiana University school of medicine, is "perfect exercise" for feet and legs.

He also advanced the theory that public speakers "should sit while they speak; it certainly wouldn't hurt their ideas and would do their feet a lot of good."

He expressed these opinions in a paper read today at the American Association of Anatomists meeting.

Dr. Jones said in plowing uneven earth furrows tend to spread the feet in all directions.

The Indian also declared that people "stand up too much." "The foot was designed for walking not standing," he explained.

About the only solution for foot trouble is "shoes that fit," Dr. Jones concluded, adding that persons with aching feet should go to bed and rest their feet, just as they would go to bed with a bad cold.

Veteran Morals Officers Shake Down Innocents

Chicago, March 22.—(AP)—Suspension of four veteran detectives on charges of using their authority as morals officers to operate a brazen shakedown racket was disclosed today in the files of the Chicago Civil Service Commission.

Dr. Ernest Puttkamer, chairman of the police committee of the Chicago Bar Association, said a prominent attorney also was involved in the investigation and that his case was pending before the associations grievance committee.

Dr. Puttkamer, who also heads the police committee of the Chicago Crime Commission, said testimony before the Civil Service Commission indicated the detectives had arrested dozens of citizens on false sex charges and then permitted the accused lawyer to visit the bewildered prisoners in their cells and solicit fees to handle their cases.

Many Innocents Held

The officers under suspension were Detectives Francis O'Malley, leader of the morals squad; and William J. Kearney, Edward Hickley and Elmer Johnson. All denied the charges, as did the attorney. The Civil Service Commission has not handed down a decision in the case, although the policemen were temporarily suspended Feb. 22 by Police Commissioner James Allman.

Records introduced before the Civil Service Commission showed that the morals squad made 1,263 morals charge arrests in and around the loop between Jan. 1, 1938, and May 31, 1939. Allman's investigators told the commission it was possible that 75 per cent of those arrested were innocent victims of the alleged racket.

They testified that such prisoners frequently were held in jail two or three days "for investigation," being denied the right to communicate with relatives or friends, while an attorney tried to collect fees.

Employment, Payrolls Declined in February

Chicago, March 22.—(AP)—Both employment and payrolls for 6,597 manufacturing and non-manufacturing industries surveyed throughout the state by the Illinois department of labor showed slight decreases last month in comparison with January figures.

The department noted a decrease of one-tenth of one per cent in employment and a decrease of less than one-tenth of one per cent in payrolls. However, compared with February, 1939, employment last month climbed nine per cent and payrolls 12 per cent.

During February, the department said, reporting industries employed 632,156 workers and had total weekly payrolls of \$17,198,450.

"Fight to Victory" Is Theme of Good Friday Sermons in German Churches

By The Associated Press
Europe today observed the first Good Friday of the war under the deepening shadow of fears of an early intensification of hostilities.

Only in Jerusalem did the day of Christ's crucifixion find conditions more peaceful than a year ago. The Arab-Jewish strife has virtually ceased since the outbreak of the European war. Christians of many nationalities gathered early today at Pontius Pilate's court for a devotional procession along the "Via Dolorosa" (Street of Sorrow) to the hill of the Crucifixion.

Mingled with clerical vestments and native robes were the khaki uniforms of British and Australian soldiers, reminders that the Holy Land may yet be drawn into the war.

In Vatican City, foreign diplomats, including President Roosevelt's envoy, Myron C. Taylor, gathered in the St. Sistine chapel to watch Pope Pius XII and 13 princes of the Roman Catholic

A marriage license has been issued in Clinton, Iowa to Alban Saunders, Dixon, Ill. and Frances Miller, West Brooklyn, Ill.

PARING (?) SHOT
Departing (?) winter took another shot at Dixon and vicinity during the night when, following yesterday morning's snow storm, the mercury dropped to an official 5 degrees above zero, a fall of 32 degrees from Thursday's maximum temperature of 37. And everyone hopes winter will drop any ideas of future "farewell" visits. Last Sunday the maximum temperature was 64.

SIGNS OF SPRING
Ray Barron and Art Wilson report having seen 32 robins, several hundred ducks and a flock of black birds on a recent visit to Lowell park. The two sportsmen also reported an additional sign of spring: fish are biting. Mrs. Alvah Drew of 1703 First street telephoned the Telegraph office yesterday afternoon to report that a flock of 16 robins were stopping in a plum tree at her home.

READING ROOM IS PLANNED
In an effort to furnish a reading room at the Truman school where the Big Buddy club sponsors a recreation center for Dixon boys, the club is asking persons having old furniture which might otherwise be discarded, to donate it to the club. Boys' books and magazines are also requested. Persons wishing to contribute to the reading room may call any member of the club and transportation will be provided.

Oregon Section Men Hurt Today in Unusual Way

(Telegraph Special Service.)
Oregon, March 22.—Several section men in the employ of the Burlington railroad were injured, three of them painfully, in a peculiar accident east of Oregon at about 10 o'clock this morning when a gasoline car, one of two on which they were transporting rails, left the tracks when the rails, suspended between the two cars, slipped.

Three of those injured are patients at the Wasmolts clinic: LeRoy Smith, 38, fractures of both legs; John Marshall, 38, broken shoulder blade and cuts and bruises and William Marshall, 65, his father, severe cuts about the head and face. The others injured, none seriously enough to demand hospitalization, were: Jacob and Dick Menenga, 32 and 42, and Paul Kyker, 50, foreman of the crew.

The mishap occurred about ten minutes before the scheduled arrival of the westbound streamlined Zephyr and other members of the section crew hastened to stop it before it plowed into the wrecked car. The fast train brought Smith to the depot, while the other injured men were brought to Oregon in ambulances.

HELD UP POLITELY
Philadelphia, Pa. 22.—(AP)—"We're awfully sorry," two shopkeepers were told last night by a pair of masked men, "but this is a holdup. Times are very tough."

Expect FDR Will Be Able to Resume Work Monday

Washington, March 22.—(AP)—The White House said today that the President's physician, Rear Admiral Ross T. McIntire, believed that if Mr. Roosevelt will continue his limited schedule during the week-end, he should be back to his normal, routine work-day by Monday.

Stephen T. Early, presidential secretary, said Mr. Roosevelt felt like working but that McIntire was insisting that he remain in bed as much as possible because his cold and temperature were persisting. The chief executive's temperature was 99.2 degrees this morning, a little more than half a degree above normal and a little below yesterday's morning's mark.

Early said it was doubtful Mr. Roosevelt would attend Easter church services. The regular Friday cabinet meeting and press conference were cancelled.

Last Gap in Disputed Grand River Dam Closed

Oklahoma City, March 22.—(AP)—Gov. Leon C. Phillips, who called out the National Guard last week to prevent completion of the Grand River dam in northern Oklahoma, disclosed today that the dam's gates were closed during the night.

Phillips withdrew the Guardsmen after a civil suit was instituted to prosecute the state's claim against the PWA for replacement of highways which will be flooded.

The governor said he learned the last gap in the mile and a quarter long dam had been closed and that waters had started backing up in the 52,000-acre reservoir.

About Styles

New York, Mar. 22.—(AP)—Well, said some New York stylists today, Mayor La Guardia had better take a look at his own skimmer.

(The mayor, a former Arizona man who recently criticized women's styles, usually wears a broad-brimmed western-style hat of approximately 10-gallon capacity).

The bouncing head of New York City's government told a group of fashion designers that women's styles should be typically "New Yorkese". He said dresses should be designed with the fact in mind that New York women had to climb on and off buses, ride subways, and stride purposefully here and there.

As to hats, he had plenty to say, none of it good.

So-o-o-o, from the fashionable colony restaurant to the not-so-fashionable automat, New Yorkese women sniffed and said the mayor should stick to politics.

"Perhaps," said the Baroness Malsch-Bitschenbauer, a Fifth Avenue stylist, "the mayor doesn't ride the right subways".

Average Income Tax Gain 31 Pct. Treasury States

Washington, March 22.—(AP)—State-by-state figures showed today that income tax collections in the first 20 days of March varied from increases of 18 per cent in Michigan to small decreases in Texas, Maine and Oklahoma.

The comparisons were with the corresponding period of last year. The average national gain was 31 per cent.

The 20-day-period, representing the bulk of first-quarter federal income tax installments produced \$621,448,616 this year, compared with \$473,122,052 last year. Secretary Morgenthau said that the revenue was "comfortably ahead" of budget estimates, but declined to say by what margin.

He added that there was "not a chance" of the eventual excess over budget estimates equalling the \$460,000,000 of new taxes which President Roosevelt asked to pay for emergency national defense and to keep the treasury under its \$45,000,000,000 debt limit during the coming fiscal year.

No Sectional Characteristics
The variation in collections apparently bore no sectional characteristics. Thus states showing the largest increases included Michigan, Rhode Island, 77 per cent; Delaware, 73; Ohio 62, and Indiana 56.

Some of the biggest tax areas fell below the national average. New York state, easily maintaining its first rank with \$156,298,903, had a gain of 24 per cent. Among other major states (those having more than one internal revenue office in their borders) California increased nine per cent, Illinois 29 per cent, Missouri eight per cent. Other sample percentage increases included Wisconsin 42 per cent.

Figures for states, first giving collections in the first 20 days of March, 1939, and then corresponding figures this month, included:

Illinois \$11,159,358 and \$53,359,546; Indiana \$6,587,547 and \$10,284,532; Iowa \$2,981,575 and \$3,924,602; Kentucky \$3,625,355 and \$4,783,533; Michigan \$22,024,248 and \$39,999,498; Minnesota \$5,295,748 and \$7,261,044; Missouri \$14,599,778 and \$15,700,485; Ohio \$22,666,179 and \$36,619,879; Wisconsin \$6,967,265 and \$9,916,012.

Florida Woman's Offspring to Be Single Babe Only

Miami, Fla., March 22.—(AP)—Back in her humble home, Mrs. Emory Callahan, 22-year-old bride of eight months, was happy today that she would bear but one child instead of five.

Her belief that she would become the mother of quintuplets created a two-day sensation that was deflated last night when an X-ray examination showed she would give birth to only one.

The Miami Herald, which had provided her with a private hospital room and all medical attention, announced the result of the medical examination.

John S. Knight, publisher, said he would continue to pay the cost of her confinement until a month after the birth of her child.

The Herald said Mrs. Callahan believed an X-ray examination had disclosed five distinct head structures, when as a matter of fact she had only submitted to examination under a fluoroscope which shows through the body but does not record a picture.

She apparently misunderstood the comments of the physician and believed he felt assured she would bear quintuplets, the Herald said.

The physician said he did not recall their discussion—one of many in a single day—but had noted her unusual size at that stage of pregnancy and probably expressed belief that multiple birth was likely, the Herald's story continued.

Correspondents Find Little Evidence of Real Damage at Nazi Island of Sylt

By ALVIN J. STEINKOPF
Hornum, Island of Sylt, Germany, March 22.—(AP)—Three American newspapermen, including this correspondent, toured this island outpost of Germany's aerial front and what we were able to see tends to bear out the German version that nearly seven hours of British bombardment two days ago had "little if any military effectiveness."

Field Marshall Herman Wilhelm Goering's own plane, the "Manfred von Richthofen", carried us yesterday to the German coast, where we transferred for a railway trip across the six-mile Hindenburg dam-causeway from the mainland to the Island of Sylt.

(The dispatch indicates that the newspapermen were not shown over the air base from the air and the reason for landing on the mainland—and not one of Sylt's flying fields—ostensibly was to permit a closer examination of the causeway).

This is what we found:

What Writers Found

1. Sylt's lifeline railway across the causeway apparently undamaged.

2. Shattered windows of airplane hangars, but no evidence of direct hits on hangars.

3. Sand dunes at the southern end of the island pitted with bomb craters. Officers estimated that about 40 bombs fell on the extensive grounds of the airport in the south.

4. A building, which Germans identified as an infirmary, with its roof blown off and walls cracked. Germans said that no one was killed there, because all patients had taken refuge in the cellar before the building was hit.

5. A small structure, identified as a target range, extensively damaged.

6. Evidence that an incendiary bomb had struck a great steel crane used to lift seaplanes from the water but had spluttered out on the iron platform.

TRADE PROGRAM MAY BE MAJOR ELECTION ISSUE

Senators Harrison and McNary Express Views Of Reciprocal Plan

Washington, March 22.—(AP)—Republican Leader McNary asserted today that if the senate votes to extend the reciprocal trade program, it will furnish one of the major issues of this year's elections.

"In those states where competitive manufactured and agricultural products are produced," he told reporters, "our candidates for congress should receive large support from the voters who believe in maintaining the American market for American laborers and producers."

On the other hand, Senator Harrison (D-Miss) said he did not believe politics should enter debate on the bill, which was to be taken up as soon as a vote on the farm bill was reached during the afternoon.

Approval of the \$922,000,000 farm-bill, carrying \$208,000,000 more than the house total, was held up yesterday by an effort to give benefit payments to cane-sugar growers who increased acreage while quotas were suspended last winter.

Senator Ellender (D-La) sponsored the proposal. Senator Adams (D-Colo) declared that if it were successful, he would seek better treatment for beet sugar producers.

Vote on Surplus Disposal
In between lengthy speeches, the senate yesterday voted, 79 to 0, to allow \$85,000,000 extra for the disposal of surplus commodities. Part of the money will be used for the food-stamp system to aid needy families.

The senate also approved \$40,000,000 of loans for the rural electrification administration and \$50,000,000 of loans for the farm tenancy program. The loans were in addition to increased direct expenditures.

In the fight over extending the reciprocal trade program for three years, administration leaders were confident of ultimate victory.

Good Friday Calm Broken by Burst in War on Water

The War Today!

By DEWITT MACKENZIE
Herr Hitler's projected triple entente—Germany, Italy and Russia—shows signs of being primarily a threat calculated to increase the peace pressure from worried neutrals and push the Anglo-French allies into making terms.

Insofar as the creation of anxiety is concerned, the move has had perhaps more success than its author expected. Coupled with the Finnish tragedy, it has in no small degree been responsible for the demand in the English and French parliaments that their governments show more initiative in the war—a situation which contributed to the downfall of the Daladier cabinet.

British Premier Chamberlain told his House of Commons that the allies are prepared to deal with anything that may result from the Hitler-Mussolini conference which furnished the background for the entente announcement.

However, there are few things which could cause greater uneasiness than the possibility of the Muscovites not only combining with the Berlin-Rome axis to support the war against the allies, but finally being given the opportunity of resuming the bolshevization of Europe for which they have been patiently waiting 15 years. This hour of European chaos is the one for which they have been looking.

It would be more than passing strange if Herr Hitler himself really has any desire or intention of making a reality of this Red bogeyman which he has sent stalking down out of the Brenner Pass, provided there is any escape. He made a virtue of necessity when he joined hands with the bolsheviks, but few observers doubt that he regards it as an unholy alliance which he would be glad to get rid of.

Also it's hard to see where Mussolini fits into the picture, and nobody yet has come forward to demonstrate that he does fit in. Bolshevism is the pet hate of Il Duce and his people, and he has sworn to keep the communists out of the Balkans, which he regards as more or less his preserve. The nazi suggestion that the Balkans be divided into three zones of influence, in which not only Germany but Russia would participate, must make the fascist chief-tantrum rumble in his throat.

The whole project is most astonishing, in view of the fact that both nazism and fascism were built on the foundation of anti-bolshevism. Now one authorized commentator in Berlin has expressed his opinion.

Chilly Easter Day in Prospect for Dixon

Chicago, March 22.—(AP)—Middle westerners can march in the Easter fashion parade Sunday without fear of a drenching, but a good chilling is in prospect.

Forecaster A. J. Knarr said today the outlook was for partly cloudy weather, no precipitation but temperatures well below freezing.

Residents of the north-central states will fare better than those of the northeast, Knarr said. Snow was in prospect for that territory. The snow was expected to fall lightly in the middle west tonight and tomorrow and pass on toward the east coast before Sunday morning.

Claims Conflict

The British Admiralty reported 13 British and neutral ships had been sunk or damaged by German action in three days, but scoffed anew at the German contention that nine ships were sunk in Wednesday's raid on a British convoy.

The German high command reported 32,694 tons of "enemy merchant ships and neutral ships useful to the enemy" had been sunk in three days.

The Vatican City newspaper, L'Osservatore Romano, commented that soviet Russia was displayed "as a typically-aggressive country" by her opposition to a proposed Finnish-Swedish-Norwegian defensive alliance.

Finland's President Kyosti Kallio decreed the March 12 soviet-Finnish peace treaty formally in effect today following exchange of ratifications.

Illinois' Idle Must Be Provided Jobs Says Green

Peoria, Ill., March 22—"No lasting prosperity can be achieved for Illinois that does not guarantee a high standard of living for the farmer and his family and lift him from the burden of oppressive taxation," declared Dwight W. Green, candidate for the Republican nomination for governor, at a rally here. "But so long as nine million men remain unemployed in our country—with twenty-two millions more upon relief—there will be no market for the products of the farm. "I have just spent a day in Peoria county where I had the wonderful opportunity to see Illinois' two great industries side by side—agriculture and manufacturing. It is fitting that these two industries should stand side by side, for neither can prosper unless the other is prosperous. The workers of our great state must be employed at good wages, or the products of our farms and fields can find no market and our farmers, too, will have no income. With a prosperous working class, farm products are in demand and prices are high, bringing prosperity to the farmers. "Our immediate problem is to restore our unemployed to good paying jobs and assure them of employment," Green pointed out. "The governor of Illinois can do much to aid unemployment in our state. He can, first of all, give this state such a sound economic administration that industries will be attracted and see advantages in settling in this state. What is needed today is not compulsion by legislation, but long range co-operation between representatives of capital and labor and agriculture, in the conference room with government sitting in, not as a dictator but as an understanding umpire."

INTERFERENCE HURTFUL
Taylorville, Ill., Mar. 22—"Illinois is suffering from federal interference with her industries, the coal fields of southern Illinois and the factories and business concerns of her industrial center," charged Dwight W. Green, candidate for the Republican nomination for governor, today as he addressed a luncheon meeting here. "Government competition with our industries is direct, as well as through the red tape and bureaucracy of the many federal agencies and commissions which have been given supervision over all business. Our Illinois railroads suffer from the handicaps imposed upon them as they compete with the long hauls and seaway rates of other sections of the country. Yet our inland waterway does not benefit because of bureaucratic interference. "In a more direct way, the coal fields of southern Illinois were very nearly closed two years ago when the Coal Commission set up arbitrary rates without regard for Illinois mine owners of Illinois' hundreds of thousands of miners and their families. Furthermore, under the sponsorship of the New Deal, huge dams and electric generating plants have been set up in the Tennessee valleys, under the TVA, to compete directly with Illinois coal. Illinois pays huge taxes into the federal government, taxes which have been used to close our mines and throw our miners out of work by promoting the use of 'white coal.' "Where has our state administration been while these attacks upon our industries have been pushed? Will the Democratic machine at Springfield and Chicago sit idly by and let a similar attack be made upon our industries, in return for favors from the New Deal of a personal nature? When will Illinois industry have a chance to expand and employ men and women without being forced to compete with agencies of the

New Deal, financed by federal taxes and supported at a loss while they destroy private enterprise? "Our state administration has shown that Illinois workers and Illinois industry can expect no assistance from them in fighting federal competition. It is up to the people to place Republicans in office who will fight the battles of the people, fight for the principle of 'home rule' in business, industry, law enforcement and local government. The time has come when we must stop centralization of powers in federal bureaus beyond the reach of the electorate."

Flooding Crab Orchard Lake Is Begun This Week

Carbondale, Ill., March 22—(AP)—The long-awaited flooding of the Crab Orchard lake bed, intended to be Illinois' largest artificial lake, began this week. Heavy rainfall deepened the water against the dam across Crab Orchard creek and it spread over approximately 3000 acres of the land purchased by the Soil Conservation Service for flood control, conservation and recreation purposes in Jackson and Williamson counties. The lake eventually will cover 7,000 acres. The impounded water crossed the original state route 13 in two places and other fingers of the lake lapped at the highway. Nearly five miles of the road has been re-located on higher ground and opened to traffic. Several hundred WPA workers still are employed clearing timber and brush from the eastern part of the basin but the lake bed is practically ready for flooding at this time. One of the main obstacles remaining is the removal of 243 bodies from five cemeteries in the area.

Dead Line April 5
Charles E. Hamilton, manager of the lake development, today said relatives of the dead have been given until April 5 by a federal court ruling to make known their intentions in connection with the removal of bodies. He explained that on request, the government would move the dead to any cemetery within 15 miles of the lake if the burial plot were furnished by the relatives. If no such request is made by the court-fixed date, the government will move the bodies to a 15-acre cemetery now being prepared for that purpose. Tuesday was the last day for filing bids in Washington for disinterment, moving and reburial of the dead and moving grave stones and markers, Hamilton said. Because the lake can fill to 80 per cent of capacity before any of the five cemeteries would be inundated, lake authorities have closed the locks at the dam, so water can be impounded during the spring rainy period.

Uncle Sam's Corn Worth 50 Million Less Than Loans

Chicago, March 22 —(AP)— With the flow of corn loan dollars about to be shut off, the farm belt today settled down to a watchful wait for something to enhance the value of more than 400,000,000 bushels of collateral. The most grain ever impounded under government loans is bulging cribs and bins with the largest Easter-time supply of corn on record, accumulated from three successive bumper crops. This includes more than 250,000,000 bushels of 1939 corn upon which money has been advanced since December 1; 162,000,000 bushels of 1938 grain, and almost 1,000,000 bushels of 1937 grain. In addition, the government has stored, mostly in steel bins, approximately 86,000,000 bushels acquired last fall from farmers who defaulted on notes—swelling the grand total to about 500,000,000 bushels. This corn is security on loans aggregating more than \$285,000,000. Grain men estimated that its value at current market prices is at least \$50,000,000 less than the amount lent. The period of note-signing, with country banks negotiating three per cent paper maturing August 1 and advancing crisp folding-money in time to meet spring-planting expenses and taxes, is about at an end. If government plans are not changed, the opportunity to obtain these loans will expire March 31. As the deadline approaches there has been a tightening up of open market supplies of "free" corn. Movement to market has been below normal all winter.

International News Reporter Convicted By Japanese Judges

Tokyo, March 22—(AP)— James R. Young, International News Service correspondent, was convicted on a charge of spreading false rumors and given a six months suspended sentence today in Tokyo district court. Judge Saneshiro Hotta, speaking through an interpreter, lectured Young on the "seriousness" of his offense, but said he found extenuating circumstances "in the fact that you are an American and a correspondent whose duty requires you to transmit news." Young went back to jail, where he probably will remain until next Saturday, expiration of the seven-day period allowed both sides for appeal. Young was arrested January 21 soon after his return from China where, a Japanese foreign office spokesman charged, he sent "extremely slanderous news reports regarding the Japanese forces." He was accused also of spreading "fabrications and rumors" among Japanese and foreigners here. He was charged costs of his trial, which started March 11, and warned that he would be imprisoned immediately if the asserted offense were repeated within three years. A court clerk said the question of whether Young would be deported would be decided jointly by the home and foreign offices.

The children of Borsho Janitch of Yugoslavia were bequeathed 104 clay pipes, 86 pipe stems, 20 pipe lids, 16 lighters, 15 tobacco pouches, 15 tongs for lifting coal from the fire for pipe lighting, and 14 pounds of tobacco.

Cheap Eggs Will Make Rabbit's Job Easier

Chicago, March 22.—(AP)— The cheapest eggs in six years will make the Easter rabbit's job fairly easy this season, price and production figures indicated today. Since late in January when sub-zero weather cut production and marketings, egg prices have tumbled about nine cents a dozen and, at 16½ to 16¾ cents for graded firsts in the Chicago wholesale market, now are slightly under a year ago and well under the four preceding Easter seasons.

Hull Reprimands Cromwell for Pro-Allies' Address

Washington, March 22—(AP)— James H. R. Cromwell, millionaire diplomat of two months' service as minister to Canada, has been reprimanded by Secretary of State Hull for the anti-German speech he delivered at Toronto. The secretary used straightforward language last night in taking to task the husband of Doris Duke, "world's richest girl." "Secretary Hull found," a state department announcement said, "that the address contravened standing instructions to American diplomatic officers, as public discussion of controversial policies of other governments, particularly with governments engaged in war, without the prior knowledge of this government, is not in accord with such instructions. "Such public statements by our diplomatic representatives are likely to disturb relations between this and other governments." Cromwell was admonished not to repeat the breach of regulations.

Agitation Continues
Hull's rebuke was issued in the midst of congressional agitation for the new minister's recall. It also came at a time when the German embassy here was reliably reported to be considering a formal protest. The state department's action, however, was believed likely to forestall any such representation. Cromwell was expected here either today or tomorrow on a visit planned before his pro-ally remarks made him the center of controversy. He has refused all comment on the repercussions from his speech, but when he delivered it, he announced his readiness "to risk my official head" on its contents. A sharp cleavage in public reaction to Cromwell's utterances was evident in the number of letters subsequently received at the state department. About half of them criticized the minister, and the other half voiced approval.

State Removing 15,000 Culvert Heads on Roads

Springfield, Ill., March 22.—(AP)—Culvert abutments—those miniature concrete walls against which many a motorist has come to grief—are being removed from Illinois highways for greater motoring safety.

Chief Highway Engineer Ernst Lieberman said today that the work of streamlining some 15,000 culvert abutments was already under way with highway division crews in all parts of the state trimming the projections down to a level with road shoulders. The theory behind this new safety move is that, if you are going to run off the road while passing over a culvert, it will be much less disastrous for car and driver to roll into the ditch than to crumble against an immovable wall of masonry from eight to 18 inches thick and several feet long. A recent survey by district highway offices revealed that approximately 8,000 culvert headwalls project 12 inches or more above pavement levels.

Plan Warning Signs
The solid concrete walls, erected to emphasize to the motorist the importance of keeping to the road at culvert points, have injected tragedy into many an accident. Henceforth, drivers will be warned of culvert locations by eight-inch wooden posts equipped with reflectors to make them stand out sharply at night. Struck by an automobile, this type of marker is pushed over and partly pulled up from its earth bed. If not hit too hard, the post will keep the car from rolling into the ditch, but, in any event, it will not push the engine back into the driver's lap, highway engineers explained.

Culverts will be built in the future without projecting walls or abutments. Engineer Lieberman said the improvement originated in the Illinois highway division design offices and, so far as he knew, has not been undertaken in any other state.

Other Safety Improvements
The engineer said that the culvert-trimming project was only one of more than a score of highway safety improvements that have been put into effect in Illinois during the past few years. New roads, he explained, are planned and laid down in a radically different manner than was employed as late as ten years ago. "For instance," he said, "un-

der no circumstances will we accept a right of way less than 100 feet wide for a state bond issue route."

The wide road site is necessary to permit widening of pavement later on if need be, to provide for wide, firm road shoulders, and for gradual grading of ditches—all of which contribute to safety—Lieberman said.

Nowadays, all curves are planned so they are accomplished in no less than 1,750 feet of pavement, assuring gradual turns, Lieberman said. Bridges are planned with pedestrian walks, that many of the old sharp curves have been eliminated by modern highway relocations, and that new highways are being built to by-pass population centers.

Estimate Income Collections 31.2 Per Cent Higher

Washington, March 22—(AP)—Secretary Morgenthau announced that preliminary estimates of annual income tax collections were running 31.2 per cent ahead of last year and "comfortably ahead" of President Roosevelt's budget estimate. The treasury secretary said at a press conference that telegraphic reports from regional collection offices showed collection of \$621,000,000 of income taxes in the first 20 days of March compared with \$473,000,000 in the same period last year. March collections are always the biggest for income taxes because annual returns and at least first quarter installment payments are due on March 15. Morgenthau declined to say by what margin the collections would exceed budget estimates, which are made only on an annual and not a monthly basis, but added that there was "not a chance" of the excess equalling the \$460,000,000 of additional revenue asked by the president to pay for emer-

gency national defense costs and to help keep the treasury under its \$45,000,000,000 statutory debt limit.

Asked whether he still favored

new taxes despite comments of leading congressmen that the higher tax collections obviated the need for new taxes, the secretary asserted:

Dioramas Will Be New Attraction at Flower Show

New attractions at the fourteenth annual Flower Show at Navy Pier in Chicago will be eight dioramas—miniature scenes portraying some phase of garden activities or work. The exhibits will be in place on Saturday morning, March 30, and will be on display through April 7.

There will also be flats of small herb seedlings, a new topic stressed for Junior work this year. Dish gardens for living rooms and kitchens will be presented with appropriate materials to place on the tables for color and texture.

The exhibits this year will be entirely different in that the great numbers of posters, books, poems and essays will not be in evidence, having been previously graded and returned to the clubs. Only those of exceeding merit will be kept to show to the public.

Co-operating in the show, as usual, will be the Allied Trade organizations, bringing a wealth of plant material—cut flowers and potted plants, dramatically staged. This year, the competition among the florists for arrangements suitable for different occasions will again be held. These arrangements, judged each day by a jury composed of members of the Allied Florists and members of the Garden clubs, are kept on display until they fade, and are of unfailing interest to the visitor.

SOUTHERN VACATION

Mrs. O. L. Gearhart and her son, Orval, Jr. were heading southward by motor at noon today on a trip which will take them to many points of historic interest before they return to Dixon at the close of the spring vacation recess. At Memphis, they will be joined by Mrs. Gearhart's sister, Mrs. T. C. Saunders of Greenwood, Miss., who will accompany them to Natchez, New Orleans and Gulfport. The trio expects to return by way of the azalea route through Mobile.

Lincoln Students Give Style Show

Attractive housecoats, pajamas, blouses and other garments completed in eighth grade home economics classes of the Lincoln grade school were modeled yesterday afternoon in a style show staged for the monthly meeting of the Lincoln Parent-Teacher association.

The program also included a playlet, "A Little Bit of Holland"; special numbers, fourth grade students of Miss Mary Trombald and Mrs. Margaret Richards; "Physical Education in Our School," Miss Pearl Richards; "Home Economics in Our School," Miss Evelyn Schmidt; and vocal selections by the teacher's quartet, the Misses Alice Crandall, Lucille Johnson, Mercedes Moore, and Savilla Palmer.

Mrs. David Ashley was in charge of the business meeting.

Nolf Painting Is Chosen for Show at State Museum

John T. Nolf, Grand Detour and Oak Park artist, has been notified that his painting, "The Rubaiyat," now on display in the annual exhibit by artists of Chicago and vicinity at the Chicago Art Institute, has been selected for an exhibition to be hung in the Art gallery of the Illinois State museum at Springfield, from May 1 to Sept. 1.

Visitors at the Springfield show will also be given an opportunity to see an outstanding exhibit from the collection of the late Thomas Conde, great-grandson of Governor Edwards, now on display in the same gallery. It includes art work of the Pueblo Indians of the southwest and Chinese and Japanese art.

Of further interest to Dixon visitors at the Chicago show is a still life painting by Miss Mattie Lietz of LaGrange, who comes to Grand Detour several times a year to sketch, and a sculpture, "Figure," by John Fabian. A painting by Mr. Fabian, "Little Josephine," was presented to the Lincoln grade school last year by Mrs. John Stephan, the former Ruth Walgreen, whose husband is also represented in the show.

Mr. Nolf arrived in Grand Detour on Tuesday to spend the spring and summer at his studio, "The Whippoorwill."

SCOUT LEADERS

The meeting which members of the Girl Scout Leader's association had planned for March 28, has been postponed until April 11.

About 125 members of the Lee County Home Bureau assembled yesterday in the Moose hall at Dixon for their third annual Spring Play Day. The above group, posing for a Telegraph photographer during the noon recess, includes Mrs. Charles Ross, Mrs. Elizabeth Seagren, Mrs. Walter Levan, Mrs. Robert Levan, Mrs. Bertha Sivits, Mrs. Clifford Stuff, Mrs. Nellie Straw, Mrs. Henry Ranken, Miss Grace Levan, Mrs. Maurice Laursen, and Mrs. Avery Levan.

LEE COUNTY HOMEMAKERS CONVERGE IN DIXON FOR ANNUAL SPRING PLAY DAY

Yesterday was a holiday on the Lee County Home Bureau front. The occasion was the organization's third annual Spring Play Day, which attracted 125 homemakers to the Moose hall in Dixon for a recreation program, brimming with fun and interest.

The group, representing all except three of the county's 19 units, began assembling well before 10:30 o'clock, and the systematically-planned program was underway soon afterward. A morning of games was followed by a box lunch, prepared by women of the Nelson unit. The afternoon was devoted to group singing, more games, and a short program.

Skittle, (by putting one ear to the ground, a Telegraph reporter uncovered the information that the object of this particular game is to set a top spinning 'round and 'round in a box and keep it going, without upsetting the miniature ten pins which surround it), quoits and funnel toss were among the new games introduced during the morning by Mrs. Louis Gonigam, Jr., county recreation chairman. Mrs. Gonigam, who resides at Walnut, is a member of Hamilton unit.

Mrs. Aaron Fluck heads Nelson unit, whose members prepared the box lunches. Their tasty menu included sandwiches, potato salad, pickles, hot coffee, ice cream cups, and cup cakes.

A three-act playlet, "The Fatal Quest," was a highlight of the entertainment planned for the afternoon. The cast of characters included Mrs. John Mennenga, Mrs. Edward Schick, Mrs. William Dietz, Mrs. Clifford Stuff, a visiting member of the Ogle County Home Bureau, Mrs. John Warner, Mrs. Maurice Laursen, and Mrs. Clarence Hart.

Mrs. George Henert was at the piano for group singing, and there

Mrs. Ellis Kugler of Harmon unit, and Miss Louella Hopkins of Hamilton township.

GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots who may resist the intrigues of the favorite are liable to become suspected and odious, while its tools and dupes usurp the applause and confidence of the people to surrender their interests." From the Farewell Address.

Jones For Representative

Lee County again has an opportunity to have the minority representative in the Illinois legislature, a position which John P. Devine filled with distinction for so many years and now held by Henry White of Somonauk. Lee County's candidate is Edward A. Jones of Dixon, who has filled the office of state's attorney for Lee County in a very capable manner for the past eight years.

The fact that Mr. Jones was elected and re-elected in this predominantly Republican county speaks very highly for his capabilities and his personality and should attract the favorable attention of the Democratic voters in all three counties of the 35th district. The many friends of State's Attorney Jones in Lee County will welcome an opportunity to help elect him to the Illinois legislature.

Falsehoods Gather Weight

No one knows just how these things happen, but every once in a while the most innocent set of facts gets jumbled up and emerges as a national legend without a grain of truth.

Take the case of the Memphis, Tenn., dog pound, for example. When the building was first erected in 1936, with the aid of WPA the story got around that the place was so luxurious that Memphis' canine population was openly inviting apprehension by the dog-catcher just to share the penthouse comfort of the new pound and to enjoy the shower baths which were supposed to be part of the project.

The facts? First of all the place cost only \$19,000 with WPA putting up \$13,000 and the city \$6,000. And there are no shower baths, except the garden hose used on badly soiled inmates. Since the dog shelter was opened, there has been not a single death from rabies; although, during the three years prior to the opening, six deaths were recorded. The number of Pasteur treatments for rabies, costing \$7 each, has declined from 280 in 1935 to 64 last year.

With tears in her civic eyes, Memphis pleads

with the nation please to stop the libel. That's not going to be easy. Give a lie a little push, and it grows larger and larger—about as easy to recall as a 10-ton boulder crashing down a mountain side.

The classical example of a falsehood that received wide and official recognition was H. L. Mencken's war-time story of the origin of the bathtub in America. The tale was conjured up in the famous author's mind on a dull day. Scientists did research on the basis of it, wrote scholarly treatises. Plumbers used the story in advertising and speakers accepted it as gospel.

It was not until about three years ago that Mencken chuckled a little and admitted the whole thing was a hoax. The story, however, will probably live on for years.

If you're thinking of starting a fable you'd better consider well before you start whispering.

Machines as Taxpayers

Ever since the first monarch thought up the system of taxation to keep the wheels of government greased, the people's enthusiasm toward taxes has been about equal to that toward smallpox and scarlet fever.

No one has yet devised the perfect method of taxation, and no one ever will. To be perfect, it must be painless. And taxes, in whatever form they are levied, are never completely innocuous.

Senator Joseph C. O'Mahoney Dem., Wyo., however, has a scheme he thinks would go a long way toward solving unemployment and establishing an equitable tax basis. Senator O'Mahoney has it figured out like this: Men who work pay taxes. When machines come along and replace the human workers, the jobless men are no longer able to pay taxes. Therefore, tax the machines, in proportion to the number of jobs they are taking away.

Regardless of what may be the fate of Senator O'Mahoney's proposal, it must be borne in mind that unemployment is a cancer that has eaten too deeply into American economic life to be destroyed by mere readjustment of the tax structure. No matter how they may be disguised, taxes will have to total precisely what they add up to now, if not more. And no matter how they may be re-arranged, they will ultimately be paid by the same people who are paying them now.

Senator O'Mahoney would grant tax credits to employers who used more human workers, fewer machines. The idea would be to halt the inroads the machine is making at the expense of employees.

Perhaps it would work in some cases, but it can scarcely be expected to remove the scourge of unemployment. The development of new machines represents progress, and you can't stop that.

It is all right to experiment with new methods of taxation in the hope that some day the fairest possible system will be achieved. But 10 million men will not get jobs by mere juggling of taxes. Taxes will pretty well take care of themselves when everyone has a job. When men are out of work, the remaining taxpayers must not only assume the jobless' share of the burden but must actually help in providing for the unemployed.

Unemployment must be tackled from the ground up, not from the top down. Unequitable tax burdens on some are manifestations of unemployment, not causes.

BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, March 21. — Mr. Roosevelt seems to be elbowing his way up toward opening wider the sale of America's air fighting ships to the allies.

The president's ambling comments on air sales at his last press conference sounded so casual that his intimation of a reversal of policy has been overlooked. His most significant assertion was that the release of each new model should be considered on its merits.

Up until then the established war department policy had been to restrict releases to models in which additional improvements already had been made. Latest types in each line were reserved for American use. Army generals are already mumbling that the new policy, if such it be, could only be intended to furnish the allies with our finest hitherto reserved ships.

Their apprehensions are shared by certain congressmen on the house military affairs subcommittee who have heard through their inside wires downtown that the president caused War Secretary Woodring to delay his scheduled Wednesday appearance before them. Their information will next week offer fewer objections to letting down the bars.

From the start the president and his air sales agent, Henry Morgenthau, have maintained that reservation of the best planes was not justified in all instances, but they had never before said so publicly until the president spoke. Roosevelt then pointed out that some of the designs of our best types had been published in technical magazines and were not in reality secret.

Whatever view Woodring and the war department decide to take in the matter now, they have formerly based their resistance to allied demands on the ground that these latest type ships were of material military value and secrets of the United States.

A jury trial might be necessary to determine the issue of how valuable these models are to the army and navy, but there is every indication that a majority of the military affairs committees in congress also hold the former war department view.

The economy bloc is not disintegrating in the face of the farm bill increase of nearly \$300,000,000 in the budget. It is evaporating entirely.

The decision of many of the most economy minded senators to make an exception of the farm bill has been made easier by cloakroom news—whether just or not—that Roosevelt himself has been converted. Agriculture Secretary Wallace is reported to have persuaded the president that new conditions in the farm belt rising since the budget make the increase necessary—economic conditions, of course, not the big political one.

Senators have been ready to believe their reports at any rate, and understand the White House will not veto the bill when it is presented, although it is still considered possible. The president may, while signing the measure, point out his unbroken opposition to extra-budgetary parity payments without compensatory taxes.

Senator Vandenberg's friends have been complaining sharply to him that his campaign is not being pursued with efficient energy. Some say it is being badly managed. The political scouts are reporting from many sections that Senator Taft's organization is far outstripping Vandenberg's milder efforts.

To all such suggestions the Michigan senator smiles knowingly, says nothing. One reason for his restricted activity may be a lack of funds. Evidences have been developing, however, that he prefers to resist the full rays of the limelight. He has notably declined some public appearances and speaking engagements.

Biting exchange of uncompromising accusations between the Investment Bankers Association and the Securities Exchange Commission represented a little inside publicity coup for IBA.

IBA president E. F. Connelley, has been walking around with his accusations against SEC for two months, trying to find a way to get them in a record, and incidentally on the front pages. He sought a hearing before the National Economic Committee and was promised one, but he was never able to get a date fixed. SEC had seen to that.

When SEC later sent out letters to investment banks asking suggestions, Connelley was enabled to release his pent up charges. Nothing will come of it. Pro-

FRANK SIEFKIN

(Contributed) Frank Siefkin, the only son of John and Elizabeth (DeWall) Siefkin, was born October 9th, 1864, at Hanover, Germany. He came to this country with his parents at the age of six years. The family lived one year at Gibson, Ill., and then moved to Lee county, South Dixon, where he had since resided.

Mr. Siefkin was baptized in the name of the Triune God in his infancy in Germany, and in young manhood confirmed his faith at the Duis school at the hand of Dr. Proehl. Mr. Siefkin was an active member of Immanuel Lutheran church and a sincere Christian gentleman.

On May 15th, 1913 he was united in marriage by the Rev. Theo Drexel to Anna Christina Jansen. To this union were born five daughters and three sons. One Frank, his parents, and one sister Katherine preceded him in death.

Mr. Siefkin followed the vocation of farming all his life. He held several positions from time to time on the township board, serving one term as road commissioner and four times as assessor.

After an illness of over one and one-half years, during which he patiently bore his afflictions, he was called to his eternal reward Mar. 13th, 1940, having reached the age of 75 years, 5 months, 4 days.

He leaves to mourn his departure, Mrs. Anna, five daughters, Mrs. Elizabeth Young and Miss Annamiae of Chicago, Frieda, Frances and Mrs. Jerald Kerley of Dixon; two sons, John and David; one sister, Mrs. Edward Duis of Sterling; one grandson, Shelby Young of Dixon, and a host of friends and relatives.

PATRICIA KERLEY

(Contributed) Patricia Helen daughter of Jerald and Helen (Siefkin) Kerley, was born Nov. 2, 1939 and called to her Heavenly home March 13, 1940, aged 4 months and 11 days. Plans had been made for her baptism during the Easter season, but the Heavenly Father willed otherwise. Besides those whom her grandfather leaves to mourn her departure, Patricia Helen is mourned by her parents and paternal grandparents, Mr. and Mrs. Klonda Kerley; and her aunts and uncles, Mrs. Nadine Reglin, Marcelle, Margaret, Marilyn, Thoy and Delevar Kerley all of Dixon.

Marilyn Jane Alter

(Contributed) Marilyn Jane Alter, daughter of Wilbur J. and Romaine (Werner) Alter, was born at the home of her parents, 413 Swiss street, Dixon, Illinois, January 7th, 1940, and was called to her eternal home, March 16, 1940, at the age of two months and nine days.

She was baptized in the name of the Triune God, in the Immanuel Lutheran church, at the hand of the pastor, the Rev. C. L. Wagner.

Funeral services were conducted at the Preston Funeral Home, Dixon, March 18th, by the Rev. Mr. Wagner; interment at Nelson.

Besides her parents, Marilyn is survived by two brothers, Wayne and Donald, at home, her maternal step-grandfather, Emil Jansen, her paternal grandparents, Mr. and Mrs. Frank Alter; her aunts and uncles, Mr. and Mrs. Robert Warner; Mr. and Mrs. LeRoy LeFevre; Mr. and Mrs. Vincent Prescott; Miss Luella Alter and several cousins.

"We had a little treasure once. She was our joy and pride. We loved her, ah, perhaps too well. For soon, she slept and died. All is dark within our dwelling. Lonely are our hearts today. For the one we loved so dearly, Has forever passed away."

MEETING TONIGHT

It may be a little difficult to think about softball with the Airport ball yard under a blanket of snow, but winter can't last long. So, if you are planning to sponsor or manage a club this season, you should attend the meeting tonight at 7:30 at The Telegraph offices where the plans for the year will be discussed.

DANCE FOR ATHLETICS

Announcement was made today of a dance at Kersten gymnasium in Franklin Grove, March 29, as an athletic benefit. Good music has been promised and an evening of enjoyment.

BASEBALL TEAM PLANNED

Down around Mendota they are talking about organizing a baseball team this year to play in the Illinois State league of which the Dixon Knacks are the defending champions. It is believed that there is plenty of material at Mendota for a strong club and some of the players have traveled out of town to play with other teams in the league whereas, the Mendota fans argue, they might well be bringing fame and glory to their own city.

WINS NUMERALS

Lloyd Woodruff, a member of the Polo basketball champions of last year's River conference in 1939, has been awarded his numerals and sweater for cage services at South Dakota where he is one of 10 freshmen awarded numerals.

MEETS THE "ANGEL"

A group from Belvidere went to Milwaukee last night to see Gus Sonnenberg, former world's heavyweight wrestling champion of Belvidere, meet Maurice Tillet, the "Angel" in the ring. The "Angel" is 36 years old and a Frenchman. He is described as resembling a drama parley of an Edgar Allen Poe tale and a Walt Disney nightmare. Although only five feet eight inches in height, he weighs 276. Wednesday night in Chicago, as fans threw peanuts in the ring due to the "Angels" ape-like appearance, he proceeded to give Rudy Dusek a heavy massage before throwing him in 15 minutes with a hold of his own invention—the bear hug.

ON VACATION

John (Pete) Moore, a student at the University of Illinois, and Gerald Ankeny, a football letterman at the University of Iowa, are among the collegians spending their Easter vacations at their homes here. Both are former Dixon high school athletes.

ARCHERY MEETING

Seven members of the Dixon Archery club met last night at the Scout rooms for a short business session. The purchase of four new targets was sanctioned. The club will meet again next week, probably on Wednesday and as soon as weather permits, outdoor activities are planned.

TRAINING CAMP BRIEFS

WILL BE FARMED OUT

(By The Associated Press) Orlando, Fla.—Two former star college football players now training with the Washington Senators will be farmed out for more seasoning. Joe Mellenbeck, recent Georgetown headliner, will go to Springfield in the eastern league and Elmer Gedeon, formerly of Michigan, will be sent either to Charlotte in the Piedmont league or to Springfield. Both are outfielders.

TAKES ANOTHER LOOK

Ontario, Cal.—Manager Jimmy Dykes of the White Sox will take another look at his rookie pitchers today, sending Jess Dohernick and Harry Boyles to Los Angeles here. Clint Brown, veteran relief star, also is scheduled to work.

LOOK FOR LEIBER

Los Angeles—Clarence Rowland, front office man for the Chicago Cubs, concentrated today on trying to locate and sign Hank Leiber, holdout centerfielder, who was reported somewhere in Los Angeles.

MEET NEW BOSS

Lakeland, Fla.—Some of the younger Detroit Tigers were in a position today to get acquainted with a new boss. The Tigers play Buffalo at Plant City and Detroit will have a working agreement with the International League club. Several rookies will be sent to Manager Steve O'Neil for seasoning.

HASN'T LOST PUNCH

Miami Beach, Fla.—Gus Suhr hasn't lost his punch at the plate for the Phillies. The first sacker obtained from Pittsburgh got three blows in six times up against Columbus yesterday and drove in three runs. The Phils announced the unconditional signing of Lloyd Brown, southpaw pitcher, formerly with the Indians and the White Sox.

SHOWING SPEED

San Francisco, Cal.—Dick Siebert is determined to show Manager Connie Mack he is strong enough to play a whole season. The slender Philadelphia first sacker, hampered by injuries the last two years, is playing at a fast clip. He got three hits in four trips to the plate in yesterday's game with Los Angeles to bring his batting average up to .381 in 17 exhibition games.

BROWNS ARE SPLIT

San Antonio, Tex.—Manager Fred Haney divided his St. Louis Browns squad today, taking the regulars to New Braunfels to meet the Toledo Mudhens while the others stayed here to play the Tulsa Oilers. Howard Mills and Bob Munchief were to pitch against Toledo, with Loy Hanning and Jake Wade due to start against the Oilers.

SHELBYVILLE WINS FIRST GAME IN DEFENSE OF ITS INDEPENDENT CAGE CROWN

Danville, Ill., March 22.—(AP)—Shelbyville, 1939 champion in the annual Illinois Basketball Association Independent tournament, successfully passed its first barrier in defense of its crown.

The Ann Arbor Baler Boys, as they are known, turned back Carbondale, 51 to 39, in the first round last night and will meet the winner of tonight's Alton-Rockford game.

Other games tonight send Peoria against West Frankford, Kanakkee against Waverly, and the Danville Sandusky against White Hall.

Results last night—Hammond 42, Kewanee 40 (overtime); Danville (Museum Shoes) 41, Greenville 27; Quincy 43, Brocton 27.

AMBOY GRADERS WON 18 CAGE TILTS

The Amboy grade school basketball team, winner of the recent Lee county tournament, placed second in the sectional tourney of the Illinois Elementary School association. In the state tournament at Canton the Amboy lads lost their first game to the Sullivan graders, 16 to 15, in the last 30 seconds of play.

The Amboy quintet, coached by R. A. Reinhold, won 18 games and lost only five in the entire season. Three of the defeats were administered in the district, sectional and state tournaments.

The season's scoring record shows a total of 522 points as compared to 334 by the opponents. Amboy averaged 22 points per game as compared to the opponents' 14.

Individual records show Phillip Haws leading his mates with a total of 185 points; Bob Fortney 180; Ralph Ringenberg 114; Wallace Berry, 18; Blair Eckburg, 13; Raymond Wilson, 12.

Manlius graders won second in the state meet and were the players who defeated the Amboy team for the district and sectional championship.

HOGAN TOUTED AS WINTER GOLFERS MOVE ON TODAY

Greensboro, N. C., March 22.—(AP)—They were beating the big bass drum for Ben Hogan as golf's winter caravan moved into this textile city for the \$5,000 Greensboro Open which starts tomorrow. As newly-crowned north-south champion, Hogan had taken rank with the two local favorites, Sam Snead and Clayton Heafner, as prime choices for this latest 72-hole test on the pros' program.

The north-south victory, scored with a tournament record 277, established Hogan more firmly in second place among the money-winners and the leaders in the Harry Vardon point trophy standing.

In each division he trails Jimmy Demaret, another Texan from Houston. Hogan has earned \$4,038 in prizes to Demaret's \$6,152, and has a point score of 144 to his rival's 212.

Wyoming's constitution was the only one which granted suffrage to both sexes from the beginning of its statehood.

TRAIL RIDE IS PLANNED FOR SUMMER EVENT

Scoring a success with last year's trail ride, the Northern Illinois Horse Show association is planning another two-day affair to be held at Oregon June 23 and 24.

A committee in charge of the events has been named and includes: Mrs. L. F. Gunnison of Pottawomie Stables at St. Charles, George W. Carson of the Babson Arabian farm at Grand Detour, E. D. Landers of Oregon, Mrs. Charles Dickey of the Dickey Riding academy at Dixon, S. B. Campbell of Mt. Carroll and Mrs. Frances Jones of Wheaton.

At last year's two-day ride from Oregon, nearly one hundred riders enjoyed the trail through former Governor Frank O. Lowden's Sinsinippi farm and south to Grand Detour to the Babson farms.

It is planned this year to ride south to Babson's and back through the Pines State park and north on the east side of the river through the estate of Mrs. Wallace Heckman, which includes Eagle's Nest bluff, Ganymede Springs, Blackhawk statue, and many other points of interest.

TWO TOP FAVORITES IN THE A.A.U. BASKETBALL TOURNNEY ARE STILL IN THE RUNNING

Denver, March 22.—(AP)—They have their four moments, but the two top favorites in this 33rd renewal of the National A. A. U. basketball tournament are still in there pitching at the counting hoop.

Meaning the National Champion Denver Nuggets and the Bartlesville, Okla., Phillips 66 outfit, who tangled in the championship tussle a year ago.

In tonight's semi-finals of the sixth straight national held in Denver, the Nuggetts will play Oakland Golden State, and Phillips will clash with the Seattle Savidges, Northwest A. A. U. champions, in the nighttime.

Both the Nuggetts and the Phillips, heavily-armed with seasoned tournament stars, were plagued by first-half foginess in last night's quarter-finals.

To the amazement of the 7,000 fans who congested the city auditorium, a well-coached young team from Idaho university, southern branch, led the Nuggetts for the entire first half.

Then, to nobody's surprise, the mountain giants began working their tailored plays and hitting their shots to snow the collegians under a 43-26 count.

Phillips struck back with a magnificent second-half drive to beat Hollywood Twentieth Century, 40 to 32.

Oakland gave a brutal basketball lesson to the St. Louis Rangers of the Missouri Valley A. A. U. league, 37 to 19, while the Seattle Savidges, an aggregation of University of Washington huskies, were even rougher with Chicago Acme Steel, winning 75-46.

DIDN'T NEED MUCH HELP

Nash, Tex., March 22.—(AP)—What the remainder of the student body of Nash school did is not recorded but a look at Buck Moore's performance indicates he didn't need much help anyway.

Moore took first place in the 50-yard-dash, 100-yard dash, broad jump and tennis singles.

Carried the 440-yard relay team to victory. Captained and pitched for the winning softball team.

Took time out between races and ball playing to win second place in a declamation contest.

Buck is a ninth grade student and president of his class.

VERY SPECIAL SPRING TRAINING
University, Ala.—Ray Reese, Alabama end, is taking his spring football training in an unusual way—climbing the steps of the stadium with a 40-pound weight on his shoulder.

The exercise is designed to strengthen a knee from which the cartilage was removed last fall.

CURBS SPEED, NOW
Miami—Fred Heimach, one-time pitcher for the Philadelphia Athletics, is a traffic officer here.

CHICAGO RELAYS WILL PRESENT A SPARKLING FIELD

At Least Four Marks Are Considered In Danger Of Being Smashed

Chicago, March 22.—(AP)—A field sparkling with champions and record holders begins another assault on time and distance tomorrow in the annual Chicago relays.

At least four relay marks—the Bankers' Mile, two mile, 600 yard special race and the high jump—are considered endangered by an all star list of entries including seven national title holders and seven indoor winners in the Big Ten conference.

In the two mile, for instance, all four entries—Don Lash and Tommy Deckard of Indiana, Greg Rice of Notre Dame and Walt Mehl of Wisconsin—have bettered nine minutes and will be menacing foursome to the 9:05 mark set last year by Lash.

Likewise in the Bankers' Mile, every runner in the hand picked field is credited with better times than the 4:09.9 minutes established by Glenn Cunningham two years ago.

The veteran Cunningham, who may wind up a remarkable career in tomorrow's race, owns the present world mark of 4:04.4. Chuck Fenske of Wisconsin, bidding for his eighth straight mile victory this season and his second Bankers' Mile in a row, has done 4:07.4.

Archie San Romani, 1937 winner, is credited with 4:07.2 and Gene Venzke, third last year, has a 4:08.2.

600 Yard Special Event
The 600 yard special had such ace performers as Jimmy Herbert of New York university, who recently ran the "Casey 600" in New York in the record time of one minute, 10.8 seconds.

In the high jump at least three men—Dave Albritton, Mel Walker and Arlie Byrnes, the national champion—are capable of beating 6 feet 5 inches, the mark set last year by Albritton and Bob Diefenthaler.

Earle Meadows will be back after his fourth straight victory in the pole vault in which he holds the record of 14 feet, 6½ inches. Larry O'Connor of Canada and Ed Smith of Wisconsin stand out in the hurdles, while Max Lenover of Loyola (Chicago) will take on such Big Ten threats as Campbell Kane, Ed Buxton and Les Eisenhart in the 1,000 yard run.

Barbers Roll Games in the Bowling Meet
The Crystal Barbers, current leaders in the Major League of bowlers, rolled games in the Rock River handicap tournament here last night at the Dixon Recreation.

Easter in America

The sound of bells, singing of hope and faith and rebirth of Easter morning, will be a welcome sound in many a tired ear. In many parts of the world are deafened by the prolonged sound of gunfire and burst of bombs. In some places, the bells themselves are silenced.

Fortunate are we in the United States, whose ears are assailed by no worse than the confused murmuring of a restless and unhappy world. Here we are at least not deafened by the shattering explosions of war and hatred. And here, too, no bell is silenced. Fortunate are we that on Easter, any believer in the Christian faith, no matter what his sect or creed, is free to go in his own way to mark the day, according to his conscience. Such freedom seems elemental to Americans, so elemental that we seldom think of it at all. Once we had reason to hope that it was so. But not today.

Today, such freedom stands like a beacon light in a dark world beset with intolerance and hatred. We believe we are right—that some day, the world will return to the ideal of toleration to which we cling.

But on this Easter, the world is such that only the strong can have faith in the message of rebirth and the triumph of good over evil, life over death.

Easter this year demands the faith that will believe, even though little enough may be seen of love and truth and life, and all too much of hatred and lies and death.

The world needs the strength, the steadfastness which can believe in life ultimately triumphant over death, good over evil, and light over darkness, even though at the moment death and evil and darkness are so painfully present.

To such faith, the bells of Easter call to Americans.

U. S. Asked to Relieve Food Shortage in China

Washington, March 22.—(AP)—President Roosevelt turned over to the Red Cross today an appeal to help meet a "desperate food shortage in China."

The appeal, which asked specifically for cracked wheat, came from the American Advisory Committee for Civilian Relief in China. It was transmitted through Clarence E. Gauss, United States consul general in Shanghai.

The relief committee said the wheat supply was exhausted, rice and other grains were scarce and the prices were soaring, so that relief efforts were being defeated.

"We respectfully request your aid in obtaining gift and shipment cracked wheat for relief in China," the message said. "This would assist in meeting desperate food shortage in China where multitudes of poor are suffering from hunger and would be effective expression of American good will."

BOSTON BRUINS EVEN COUNT IN HOCKEY LEAGUE PLAYOFFS

(By The Associated Press)

It seemed for a while last night that if the New York Ranger-Boston Bruin National Hockey League play-off series went six or seven games, there wouldn't be anybody alive to play the last game or two.

For the Rangers and the Bruins weren't pulling any punches when they took the ice in the second game of their series at Boston.

But the blood-and-thunder antics of the first period didn't last, and the Bruins, clicking beautifully, finally found but how to outfox goalie Davey Kerr—and proceeded totally four times on him in about 35 minutes. The final count was Boston 4, New York 2. That squared the series at one game apiece and led to the belief it may take the full seven games to decide the issue.

In the other play-off game the Toronto Maple Leafs, who finished third in the regular league season, eliminated the Chicago Blackhawks, fourth place team, by a second straight, 2-1, victory.

Gordon Drillon and Hank Goldup scored unassisted goals, much to the discomfort of 15,306 Chicagoans.

The Hawks' goal came in the early minutes of the third period and tied the score at one-all but it was only a matter of a few minutes before Goldup drove down with the winning marker.

AS HE DESIRED IT

St. Louis, March 22.—(AP)—Hermann Schwarz, 64, Boy Scout executive died as he had wanted—at a Scout meeting in his uniform.

Schwarz, who was suffering from heart disease, had been asked to skip meetings to conserve his health. He always replied: "If I have to die I want to die in a Scout uniform at a Scout meeting."

He was stricken last night at a Scout court of honor just after awarding four eagle badges.

Joe Sutter was fined \$100 and costs for drunken driving while his woman companion was fined \$5 "just for being drunk."

\$100 and costs, no driving for a year is the price being paid by Emory McElrea for driving in Abingdon while intoxicated.

ory, although they forecast a 10-day or two-week debate. Republicans predicted an almost solid minority vote against the bill, with Senator Taft (R-Ohio) still in the doubtful class.

Taft said he intended to propose an amendment which would require a finding by the tariff commission that any rate reduction would not permit foreign goods to come into this country at less than cost of domestic production.

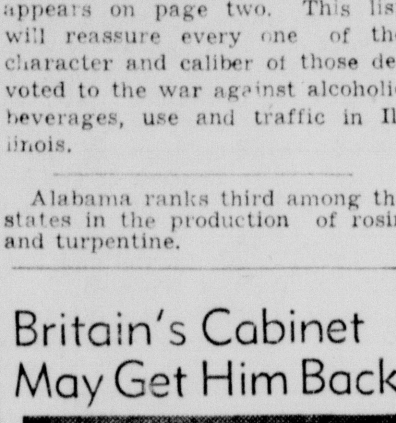

"If the senate rejects my amendment," he told reporters, "I will vote for senate ratification of each trade agreement."

THE ANTI-SALOON LEAGUE OF ILLINOIS

In the closing days of the 19th century representatives of various Protestant churches met in the First Christian Church of Springfield to consult how best to oppose the liquor traffic. The League was the outgrowth of this gathering. For more than 40 years a score of the larger denominations have elected members of the State Board of Directors which in turn has appointed an executive committee to direct the active work through the state. A list of the present state officers with a roster of the executive committee appears on page two. This list will reassure every one of the character and caliber of those devoted to the war against alcoholic beverages, use and traffic in Illinois.

Alabama ranks third among the states in the production of rosin and turpentine.

MRS. EDWARD FRIEL

Mrs. Edward Friel, life long resident of East Grove township, passed away at the family home last evening at 5:30, her death ending a brief illness. She was born in East Grove township, Jan. 1, 1885 and resided in that locality all of her life. She is survived by her husband, three daughters and three sons as follows: Misses Veronica of Aurora, Marietta at home and Marjorie of Dixon; Willard, Perry and Nathan, all residing in East Grove township. Two sisters, Mrs. John Friel of East Grove, Mrs. Peter Spohn of Ohio, and two brothers, John Duffy of Bellwood, and Edward of Dixon also survive. Funeral services will be conducted at the family residence Sunday afternoon at 2 o'clock and at St. Patrick's Catholic church at Maytown at 2:30. The Rev. Urban Halmaier will officiate and interment will be in St. Patrick's cemetery.

WILLIAM J. ROCK

William J. Rock, 220 East Seventh street, passed away at his home at 9 o'clock this morning, his death resulting from a short illness with pneumonia. He was born in New York state, June 1, 1856 and came west to Lee county as a young man. For several years he followed the vocation of farming and 16 years ago moved to Dixon where he has since resided.

His wife preceded him in death several years ago. Surviving are three sons, Thomas of Harmon, Dr. W. J. Rock of Sterling and Edward of Dixon. Several grandchildren also survive. Funeral services will be conducted at the late residence Monday morning at 9 o'clock and at St. Patrick's Catholic church at 9:30, the Rev. Fr. T. L. Walsh officiating. Interment will be in Oakwood.

This is what whiskey did Illinois officers:

Tipsy Henry Geffe went to jail for 10 days, Frank Campion had some drinks, drove over fire hose against advice of police, paid \$50. Roy Toomey is in jail for 10 days and will walk for six months, he was drunk also. Lauren Seloover drove a Missouri truck on Chicago streets while intoxicated and will think it over during the next 30 days in jail, he admitted a pint of whiskey and some beer.

Dan Fellers paid \$100 for drunken driving while George Johnson, arrested for the same offense, got a change to reckless driving, Edward Cantwell was fined \$85, same charge.

plained that ideologically there is a great gulf between communism on the one hand and nazism and fascism on the other, but that these differences don't interfere with the realistic policies followed by all three of the powers.

That would seem to me like adopting the attitude of not letting ideals or religion interfere with business.

Despite all this, however, there is small doubt that Hitler will carry his affiliation with the Russians through to the limit if he is pushed into a total war by the allies. One of his first moves will be to try to bring the Balkans into line, to secure his supplies from this rich area and prevent an allied attack on the German rear through the back door. We still have to hear from Mussolini as to how far he will go in such a program.

A concrete example of what Europe fears from Moscow, rightly or wrongly, has grown out of the Russo-Finnish peace which came into force today by decree. Finland has been brought within the bolshevist sphere of influence, the same as the three Baltic states which Moscow gathered into the fold at the time the Reds annexed part of Poland.

And Moscow has announced that any defensive alliance among Norway, Sweden and Finland, such as has been under discussion, will be aimed at the soviet and is contrary to the Russo-Finnish peace treaty. In other words, these three Scandinavian nations are warned not to combine for mutual defense.

Does Moscow intend to push its control westward across Europe as long has been feared? The first of the week in the British House of Commons Premier Chamberlain propounded the question of whether the security of Norway and Sweden had been preserved by the Russo-Finnish settlement, and then he answered his own query.

He declared that "on the contrary, the danger has been brought closer than ever to those two countries; today it stands upon their doorsteps."

A Rome dispatch today quotes L'Osservatore Romano, the Vatican City newspaper, as saying that Russia's interpretation of the proposed alliance as inimical to her interests betrays her as "a typically aggressive country." The paper adds that when the soviet has adequately equipped its new naval base and obtained the new railway communications from the Finns, then Moscow will draw the consequences from these "systematic provocations" of the Scandinavian countries.

Methodist Church Notes

Rev. H. J. Halverson, pastor, is enjoying a week's vacation from school during Holy Week.

Members of the Harmon Methodist church attended the Union Good Friday services in the Congregational church at Amboy this afternoon from 1:30 to 3:30.

On Easter morning a sunrise service will be held at six o'clock. Sunday school will begin at 10 and the regular morning worship at 11 o'clock. The sermon topic will be "The Risen Christ."

The Epworth League members held a St. Patrick's day party at the parsonage on Sunday afternoon. Following a strenuous softball game, refreshments were served by Evelyn Behrendt and Anna Okland.

Three birthdays were celebrated at Sunday school, Lorraine Lehman and the White twins each contributed to the birthday fund.

Announcement Party

Miss Loyola Fitzpatrick entertained about 25 girl friends at the home of her parents on Sunday afternoon to announce her approaching marriage to Albert Koehler, son of Mr. and Mrs. Jacob Koehler. The date, Saturday, April 13th, was found by the guests in the form of a note placed in a little white pipe on a green shamrock. Cards were played and high prizes were awarded Margaret Sproul and Virginia Shoemaker and consolation favors were awarded Winnifred Dunn.

The St. Patrick day spirit was carried out in the luncheon which followed the cards. Many pre-nuptial parties are being planned for the bride-to-be.

Mrs. Ross Hostess

Mrs. George Ross and assistant hostess, Mrs. Everett Behrendt were entertaining Wednesday at the Ross home to 15 members of the Harmon unit of the Home Bureau. - A delicious scramble dinner was enjoyed at noon. The meeting was called to order at 1 o'clock by the chairman, Mrs. Ellis Kugler. Group singing was led by Ruth Hoffman. Roll call was answered with "What I would like on the new Home Bureau program." The major lesson on "Floor Coverings" was given by the local leaders, Mrs. Will Dietz and Miss Lenore Kofoed. The minor lesson on "Home Safety" was given by Mrs. Lewis Bontz. Plans were made to attend play day in Dixon Thursday. The program consisted of a reading by Mrs. Donald Smith and recreation was led by Mrs. George Jacobs. The April meeting will be at the home of Mrs. Theo. Knoll.

Birthday Surprise

Miss Lorraine Lehman entertained a group of young folks on Monday in observance of her birthday anniversary. A social evening was enjoyed and Lorraine was well remembered with gifts. Refreshments closed a happy evening.

Birthday Dinner

Mr. and Mrs. Glenn Hopkins and family entertained most delightfully on Sunday with a dinner honoring the birthday anniversaries of Glenn and Joe Hopkins and Wilbur Hardesty, whose birthdays occurred on the 14th and Henry Stehl who celebrated his birthday on the 15th. Those present to enjoy the dinner were: The honored guests and their families, and other guests were Mr. and Mrs. Oscar Hagen of Eureka; Mr. and Mrs. Delmar Hagen and two children of Atkinson; Mr. and Mrs. Jeff Venable and daughters of Parker, Indiana; Mr. and Mrs. Earl Kranov of Kasbeer; Mr. and Mrs. Howard Bobcock of Ohio; Mr. and Mrs. William Hardesty and family of Amboy and Mr. and Mrs. Clarence Klanhaus and son of Hinkley and Mr. and Mrs. Orville Hopkins, Harmon.

Carbaugh P.-T. A.

Tuesday evening the newly organized Carbaugh P.-T. A. met at the school and enjoyed the following program: Song, "America," audience; recitation, "Our Flag," Alice Schulte; musical selections, Mrs. Will Kranov; recitation, "The Early Bird," Billy Jack Dietz; address, Supt. J. A. Torrens; recitation, "My Friends," Eva Schulte; song, Pearl James; recitation, "Silly Worms," Florence Okland; musical selections, Mrs. William Kranov.

During the business meeting the president, Mrs. Don Geldean, presided. Following the business meeting a lunch was enjoyed. The April meeting will be on the third Tuesday. There was a large attendance and the teacher, Mrs. Lee Ackert and members hope to have a most successful year.

To Present Operetta

The operetta entitled "In Grand Old Switzerland," will be presented by the high school this year. It is a story of song and laughter, with the setting in the snow covered mountains of Switzerland. Further details will be printed in a later issue. Following is the cast:

Herr Bollinger, a famous clockmaker, Fay Potter.
Trudi, his daughter, Roberta Taber.
Herr Nops, a famous guide, Roger Tarr.
Juli, his son, Wesley Coss.
Mrs. Miller, an American tourist, Alice Locke.
Donna, her daughter, Lucille McCann.
John, her son, Rex Burnett.
Hedwig, a friend, Lois Tarr.
Fritz, a friend, Warren Johnson.

The operetta is to be presented on April 4. Miss Grace Larson is directing the cast. This should be a real attraction and will warrant your attendance.

P. T. A. Meeting

The P. T. A. will meet on Monday evening at the school auditorium. A scout and hobby show have been arranged.

Fractures Wrist

I. J. Collins slipped and fell on the ice, breaking his wrist, on Thursday. The injury is healing as well as can be expected.

Late Snow Storm

Club Dinner Dance

The Button club will complete plans for its spring dance at Monday night's meeting. Mrs. Martha Draper will be in charge of the entertainment which will follow the business session.

Broke Ankle

Mrs. Russell Tilton fell at her home, 615 North Eleventh street, Thursday, and broke two bones in her ankle. Her work at the Tilton service station lunch room will be taken over by Mrs. Dorothy Jacobsen Oesterheld.

Auto Accident

During Tuesday evening's snow storm, Mrs. Pete Utison, who was driving south on North Seventh street, was temporarily blinded by the snow when making the turn east on Tenth avenue, and struck the electric light post at the corner of the Cities Service station property, breaking the post off. Fortunately no one was injured.

Boxing Tournament

Tickets for the boxing tournament, sponsored by the K. of C., were on sale in Rochelle Thursday. The first evening of the tournament will be Monday, March 25 at the St. Patrick's gymnasium, beginning at seven o'clock. Winners on Monday night will box again Friday night. Both nights are included on the ticket.

Pageant at Central School

A pageant, "Our American Music," is to be given at the Central school by the Rochelle elementary schools on Friday, April 26. This historical pageant will tell in dramatized musical form the story of our American music.

Many costumes will be needed

to make this an interesting production. Those costumes which cannot be supplied will have to be made. We would like to ask the citizens of Rochelle to help us out with any costume which you might be able to loan for the occasion. Please call Miss Garland Lind at the Central school next week if you can supply any of the following: Indian costumes; pioneer clothes, men and women; dresses and uniforms of the Civil war period; dresses of the gay 90's; suits of the gay 90's; colonial dresses and suits, small sizes; dresses of the World war period, 1917; guns or muskets of the 18th and 19th centuries.

Operetta to be Given

The grade children of St. Patrick's school will present an operetta, "Sunny Sunny-side," Sunday evening, March 31, in the school auditorium.

Characters and details of the

entertainment will be published later.

Hard Times Dance

Members of the Royal Neighbor lodge will sponsor a hard times dance at their hall on Tuesday evening, March 26. Prizes will be given for the most appropriate costume and the committee in charge has planned an evening of fun for the public to attend.

Plane Sinks in Lake Michigan; One Man Drowns

Chicago, March 22.—(AP)—An ice-clogged carburetor was held indirectly responsible today for the death of Orville Rose, 49, who drowned after a monoplane carrying him and two other Detroit aviators, sank in the frigid waters of Lake Michigan.

The survivors, Pilot William Conrad, 31, and Merle Hogan, 37, were recovering from exposure, shock and minor injuries suffered in yesterday's mishap.

Pilot Conrad said that ice in the carburetor apparently caused the plane's motor to quit as the craft went into a spin during a blinding snowstorm.

Conrad said he managed to straighten out the plane but was unable to restart the motor. He glided to within a hundred feet of a tug about 10 miles offshore.

The metal five-passenger plane began to sink immediately, Conrad said, but all were able to leap out. Conrad and Hogan were hauled aboard by the tug crew but Rose, apparently weakened by the swim in the icy water, sank near the boat.

The three men left Detroit for Chicago yesterday morning. They ran into the snowstorm after a stop at South Bend, Ind.

Easter Prayer

By Helen Welshimer

I PRAY for peace, dear Father,
Here in this calm retreat;
May war drums cease to pattern
Stern songs for marching feet.
Before another Easter
May lilies climb bright air
To cover wounded places
As though Thy cross stood there.

HERE in Thy church, dear Father,
I ask the gifts peace yields—
Hearths, lamps, and love, contentment,
New visions, clean green fields,
And clear eyes gazing upward
Where stars are low and bright
Without the fear deep-planted
That Death will ride tonight.

ONCE when the world was weary,
You broke the binding clothes,
You left the tomb behind you,
Victoriously arose.
And so from out war's fetters
That bind the world today,
May peace emerge triumphant,
This thing all women pray!

DECORATING HINTS FOR YOUR HOME

Cool Kitchen Colors
A kitchen with a cool appearance has light green painted walls which harmonize with ivory colored cabinets and a slightly deeper green for the ceiling. Paint the floor a deep moss green, with a band of terra cotta red enclosed by a border of black. This floor scheme also works well with in-laid linoleum. Ivory ruffled curtains may decorate the windows. The sash and other woodwork

should also be in ivory tones.
Turning Oak to Walnut
A room with paneled oak walls may be converted to a walnut finish, unless, of course, the wood is quartered oak. Remove the varnish first and then apply two or three coats of walnut stain to the wood. After the stain has dried, go over it with a thin coat of white shellac and then apply varnish.
Red and White Hallway
In the entrance halls, walls and woodwork painted deep ivory are contrasted by curtains of red and off-white. Match with a floor covering of rich crimson. Try this for especially dark hallways, where daylight is at its minimum.
Colors to Match Oriental Rug
For an attractive setting, designed around a richly colored oriental rug, a pleasant scheme consists of painting the walls Adam green, the woodwork in the new green-gray dull finish or white, and the ceiling a light toned ivory or off-white. Add to this setting gold-colored draperies at the windows. Large rooms especially respond to this treatment.

MODERN BATHROOM TRANSFORMATION SIMPLE

Low finance charges and easier terms make it possible for the average family to have a modern, beautiful bathroom. In the past few years manufacturers have made great strides in bathroom material development. Present methods of installation guarantee many years of satisfactory service. Note the placement of the tub, built in to allow for a trouble-free shower, the unusual door treatment, the abundance of light around the lavatory. Fixtures now come in colors to please every taste

to the needs of thousands of families in the country. Complete detailed plans and specifications can be obtained at the local office of the Wilbur Lumber Co.
Good Housekeeping announces, that after discussing this program with several national associations that they came to the conclusion that the lumber dealer is the best local institution to serve as a clearing house for the trades and professions needed in home building.
The Wilbur Lumber Co. has been established for 65 years. They operate a number of retail yards in Wisconsin, Illinois and Indiana. Because of their efforts in making better housing possible they have well earned the Good Housekeeping endorsement.

New Wall Papers Are Beautiful and Practical

Ranging from brilliant bursts of color to subdued pastels and neutral tones, the 1940 patterns in wallpaper present a thousand new opportunities for interior decoration. Included too are some of the older standbys that still remain popular. Of special interest is the use of new and different designs, a more versatile matching of ceiling and borders and the use of combined patterns to break up bad features in odd sized rooms. A new slant on decoration is the covering of the outer (window) walls with a deep hued paper and painting the inner walls in a lighter harmonizing shade. The result is quite satisfactory.

Philadelphia was chosen as the site of the first federal mint in 1789, and the decimal system of coinage was adopted and placed into effect that same year.

COLOR TONES KEY TO LOVELY ROOM

Following the modern trend, the conversation corner shown above dramatizes the scheme of soft, muted coloring. The floor of warm Van Dyke brown linoleum is most interesting and color is added by a panel of plain brown linoleum with white and yellow stripes. A new note in picture hanging consists of an oblong piece of plain brown linoleum upon which are mounted floral prints. The furniture is upholstered in chartreuse, yellow and brown, bestowing a pleasant feeling of comfort.

IMPROVEMENTS That Come in Packages

Portable Mantle
One of the most ingenious of all home improvements is a portable fireplace mantle, constructed exactly like a permanent one, that can be moved from room to room. There are several types being manufactured today that are designed to match various periods of home decorations.

Since there is no chimney a real fire is impossible, but a fireplace effect may be produced by installing a set of electric logs. Some users have purchased fireplace sets and have used real logs to resemble a fire about to be lighted. This new wrinkle in fireplaces is a real boon to homeowners who wish to plan a room around a hearth, and, as it can be moved from wall to wall and room to room, there is no end of decorative possibilities.

An important factor is the authenticity in which the portable fireplace mantles are built. Real brick are used and the design and trim are of unusual beauty. If you ever decide to install a regular fireplace a good portion of this portable arrangement can be reused. They are exact reproductions, and actually look like a real fireplace, not an imitation. Most furniture and department stores carry this item or can order it for you.

A semi-oval basin and splash-reducing design are features of a new lavatory.

There are 716 dry units in Illinois. More than one million people now live in dry territory.

THE GARDENING GUIDE

INDOORS

Spray Plants With Water To Remove Dust Film

Frequently house plants gather a thin film of dust on the leaves. Since this hinders the normal breathing of the plant it is advisable to lightly spray them, not too frequently with water to remove the dirt film.

Grow Parsley In Kitchen

A delightful green, parsley can also be put to useful effect in garnishing your meals. Once a plant is started, you may cut off sprays often. Thus a plant becomes useful as well as decorative. An average sized flower pot will do to start your parsley in.

Cactus Garden Is Fun

Those miniature cactus gardens you see are easy to grow and with a little originality you can arrange some very attractive little settings. The small cacti are inexpensive and miniature bridges, animals, houses, walks, etc., may be purchased to help complete the scene. They're useful too for gifts and bridge prizes.

OUTDOORS

Seeding Lawn

As soon as the frost is out of the ground, you may begin seeding your lawn for luxuriant grass this season. The moisture of Spring rains and melting snows will prove ideal for starting new grass.

Several varieties are available. Shade grass to grow under trees, and many blends and mixtures of imported and domestic seed that give a beautiful lawn. Be careful that the seed you buy is of good quality and does not contain weed seed or an abundance of chaff. Fertilizer may be applied if you believe the ground needs it.

This Will be the Year to Modernize Your Home

Although 1939 was a fairly satisfactory year in home building and modernization, Dixon is still in need of adequate housing and modernization of many homes. A drive along any street will bring out several homes that modernization would improve. Modernization helps increase property values, the appearance of the neighborhood and adds much to the comfort of the family.

If your property is clear of indebtedness or a small portion is yet owed, you may secure work with no down payment, and terms over a period of years. Low finance charges also add to the advisability of property improvement now.
